METRON - Measure

[3] Measuring as he went, he took me
along the stream for 1,750 feet and then
led me across. The water was up to my
ankles. [4] He measured off another 1,750
feet and led me across again. This time
the water was up to my knees. After
another 1,750 feet, it was up to my
waist. [5] Then he measured another 1,750
feet, and the river was too deep to walk
across. (Eze.47)
